Forecast For Orkney & Shetland
Issued by Met Office Aberdeen
at 0400 on Wednesday 23 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly cloudy with fog patches. A few brighter intervals.

Today:
A good deal of low cloud bringing some mist, hill and coastal fog and drizzle, but northern Shetland will become brighter later, and a few brighter intervals may develop over eastern Orkney. Light or moderate southwest breeze, variable later. Maximum temperature 15 deg C (59 deg F).

Tonight:
Some late sunny intervals possible over northern Shetland, otherwise a good deal of low cloud and mist this evening and tonight, with some heavier rain arriving towards morning. Minimum temperature 9 deg C (48 deg F).

Thursday:
It will be a cloudy day with some outbreaks of rain, along with some mist this mainly affecting Shetland. Winds will be mainly light. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:
Friday will be dull and misty with some mainly light rain at times. Saturday mainly dry but still a good deal of low cloud and haar. Some sunshine on Sunday.
